

CONSTRUCTION NOTICE

Water Main Installation

(Kane Street, West Hartford)

Beginning the week of **March 2nd***, the **Metropolitan District (MDC)** and their contractor **Paganelli Construction** will be starting construction to install a new water main in Kane Street, West Hartford. Work will take place on Kane Street, at the location of the Kane Street off-ramp of Route I-84 West. This work includes, but is not limited to installing water main, and associated hydrants.

**Preliminary work, such as saw cutting, may begin as early as February 27th.*

During construction, if not already restricted, parking along both sides of the street will be restricted during working hours. Driveway access to your property will be maintained. The public right-of-way, located from the edge of the road to your property line may be disturbed as work is performed on connecting the new main to the existing main. Please be aware that this will be temporarily restored during construction, but the contractor will be back in the spring to perform the final permanent restoration to any lawn, curb, sidewalk and driveway aprons.

We do not anticipate any interruption to water service during construction. Notices would be provided in advance of any planned service interruption.

The project is expected to take approximately 2-3 weeks to complete.
Work hours are generally between 9:00 AM and 4:00 PM
Monday through Friday.

For your safety, please obey all posted traffic and construction area signage.

Schedules are subject to change based on weather conditions and unforeseen construction activities.
MDC Staff, Contractors and Consultants must be properly identified and show ID upon request.

If you have questions or concerns, please contact:

Adam Thompson, Construction Manager
(860) 278-7850 ext. 3457 athompson@themdc.com

After hours, please call the **MDC Command Center** at (860) 278-7850 ext. 3600
